PRESIDENT'S CORNER

Wishing you all a very happy, healthy and active New Year!

Hope you have been enjoying our dry fall and early winter (aka deliciously sunny weather) where temps have been very reasonable for cycling and our streets and trails dry. Looks like the accommodative cycling weather will continue for a bit, hope you will get out there to start 2025 off right.

The board is discussing changes to the volunteer appreciation and awards dinner this year. We are considering separating it into two events and also making this the last year to update and hand out plaques. If you have thoughts/ideas regarding the changes, would like to help or have ideas on how to make these events even more fun and meaningful please do reach out to Bill Thompson (awards) and/or Chris Marsh (volunteer appreciation). Their contact information can be found on page 2.

I have heard great responses on the article written up by John Gillett recapping the 2024 NMTS Tour de Tucson multi-day event published in last month's newsletter. Thank you John Gillett for writing up the recap and sharing photos. There are two out of town, warmer weather, multi-day rides opportunities coming up. These events are super fun, and a nice change. Hope you'll consider attending one. Information is posted below and more details, as usual, can be found on our web site. >>cont'd on page 3

Ride Rating System

Mileage: Is total distance for the ride's route. Ride may include options for variations on the route and if so will specify additional distances within the ride description.

Pace: Is the speed a rider is expected to maintain on flat terrain with no wind. Think of it as an indicator of level of effort. Actual speed would be slower on climbs and faster on descents. The Pace is also not equivalent to average speed, because a route usually includes stops (rest stops, stop signs or lights, etc.), which will reduce the average speed.

Terrain: A descriptor of the ride's route terrain. In order from easiest to more difficult: flat; minor hills; moderate hills; frequent, steep hills; and advanced, difficult climbing.

“2024 NMTS Holiday Party was a great success.”

President’s Corner continued from page 1

The 2024 NMTS Holiday Party on December 15th was a great success. Lots of yummy foods, a good turn out and a fun cycling trivia/gift exchange. Thank you Dianne and Chris for organizing the event and a heartfelt thanks to Wes for letting us use his lovely community facilities for the event venue.

The League of American Bicyclists is an organization thru which NMTS purchases insurance and which NMTS is a member. It is also an organization which provides a tools for states, communities, businesses and universities to make bicycling a real transportation and recreation option for all people and it recognizes those doing it well through a program called [Bike League’s Bicycle Friendly America \(BFA\)](#). Albuquerque is one of 480 certified bicycle friendly communities across the US and New Mexico is ranked 35th out of 50 states for being bicycle friendly. BFA has recently released their annual reviews and rankings by state; New Mexico’s can be found [here](#). I’m curious what your thoughts are regarding how Albuquerque/New Mexico is doing. Do you have suggestions? Would you like NMTS to become more involved? Love to hear your thoughts!

2024 Ride Statistics are in! Please check out pages 7 thru 9 for final 2024 numbers. We also want to recognize the top 10 club members with the highest accumulated club ride mileage, since 1996, see table below. Congrats to all! Full statistics are available on our website. Enjoy!

WANTED -- NEW OWNERS FOR THESE TWO BIKES!!

Come by, take a look, and make an offer. You will be pleasantly surprised!
 NOTE: The bikes are offered "AS IS." While Carl meticulously maintained the bikes, they have not been ridden or serviced in over 5 years. They have been stored indoors.
 Please contact Dave Northrop (505-884-4718 (H) or 505-352-3261) Bikes are located near Pennsylvania and Comanche.
